## Career Objective

Passionate detail-oriented Computer Science & Engineering graduate skilled in Java, SQL, React.js, Spring-Boot and full Stack development. Seeking a challenging role as a full stack Developer / Software Developer to leverage strong problem-solving skills, contribute to innovative projects, and grow as a full-stack professional.

## Technical Skills

- **Programming Languages & Technologies :** Core Java (OOPs, Collections, Multithreading, Exception Handling), Advanced Java (JDBC, Servlet, JSP)
- **Frontend Technologies:** HTML, CSS, JavaScript, React.js
- **Frameworks:** Spring, Spring Boot, Microservices, Hibernate
- **Database:** Oracle SQL, MySQL
- **Tools: Git,** Eclipse, IntelliJ IDEA,Vs Code
- **Core Concepts:** Operating Systems, Software Engineering
- **Soft Skills:** Communication, Problem-Solving, Presentation, Team Collaboration

## Education

- **B.Tech** in Computer Science & Engineering – Sandip University, Nashik | CGPA: 8.59 | 2025
- **Diploma** in Computer Technology – P.D.V.V.P. Institute of Technology & Engineering Polytechnic, Loni | 77.26% | 2022
- **12th** – Saraswati Vidyalaya & Jr. College, Dhamangaon Pat, Akole | 2019
- **10th** – New English School, Nimbral | 2017

## Projects

**1. Sugar Factory Management System**

Tech Stack: Java, HTML, CSS,  JavaScript, spring, spring boot, My SQL

- Developed a full-stack web application for sugarcane farmer registration and admin verification.
- Created a Farmer Dashboard to display sugarcane supply details payments, and production status,.
- Built RESTful APIs using spring boot for smooth backend integration with HTML CSS JS frontend.
- Utilized MySQL for secure and efficient data management.

**2. Library Management System**

Tech Stack: Java, JDBC Mysql and

- Designed a console-based application for book and student management.
- Used OOP concepts for system design and JDBC for database operations.

**3. Online Banking System**

Tech Stack: Java, JDBC, My SQL

- Developed a console-based banking system that allows users to create accounts, deposit, withdraw, and check balance.
- Applied OOP concepts and handled user authentication securely.
- Implemented JDBC connectivity with My SQL for transaction management.

## Certifications / Training

- **Java Full Stack Development Course** – Naresh IT, Hyderabad (Ongoing, 2025)

  **-** Currently learning Spring, Spring Boot, Microservices Hibernate with backend and frontend development.

- **Industrial Training –** ProAzure Software Solution Pvt. Ltd., Pune (01 Aug 2021 – 11 Sept 2021)

  - Successfully completed 6 weeks of industrial training in software development.
  - Learned Core Java, Database Management, HTML/CSS, and JavaScript concepts.
  - Worked on mini-projects involving CRUD operations and web-based applications.
  - Gained exposure to real-world project development process and industry practices.

## Additional Information

- Date of Birth: 2nd May 2001
- Languages: English, Hindi, Marathi
- Permanent Address: Nimbral, Tal-Akole, Dist-Ahilyanagar, Maharashtra, India
- Hobbies: Playing cricket, Bike riding, Traveling, Exploring share market
